The Armour Laboratories fair-trade policy allows a discount to the retail pharmacist of 40% plus 15% on all Armour Laboratories trade packages.

All this adds up to *good profits for you,* but there are two other good reasons for featuring Armour Laboratories preparations:

Good Products—you can have confidence in the Armour Laboratories products you sell.

Good Promotion—by ethical advertising in leading medical journals, by fine illustrated literature, and by extensive detailing to help you sell Armour Laboratories products.
